

September 2017

Dear Parent/Guardian

Key Stage 3 Design & Technology

During the coming year your son or daughter will be studying Design and Technology as part of the National Curriculum. The National Curriculum requires that students design and make products in a wide range of materials, including wood, plastics, metals, textiles, electronics and food.

The programme of study offers diverse and exciting opportunities for your child, however the resource implications for the school are considerable. We would therefore ask for a voluntary contribution of £7.50 to support, maintain and develop the range of materials and resources available to students and additionally enable students to take a completed design and practical work home.

In Food Technology food tastings are included but students are asked to bring their own ingredients for practical lessons.

Payments should be made online through ParentPay by 31 October 2017. Students can contact Miss Clark in the Finance Office during break or lunchtime to ensure they are set up on the system correctly.

Yours sincerely

Mr J Gamble
Leader of Design and Technology

Reply slip: Return to the Finance Office by 15 October 2017

Key Stage 3 Design and Technology

Student's Name: _____ Form: _____

I acknowledge receipt of your letter and am happy to contribute £7.50 towards Design and Technology materials.

Signed: _____ Date: _____
