

# HEDINGHAM SCHOOL AND SIXTH FORM

ACHIEVEMENT & EXCELLENCE

September 2018

Dear Parent/Guardian

## **A Level Design and Technology**

Your son/daughter has opted to study Design and Technology to Advanced level. The course requires students to design and make challenging and extensive products within their coursework.

The programme of study offers diverse and exciting opportunities for your child, however, the resource implications for the school are considerable. We would therefore ask for a single voluntary contribution of £15.00 to support, maintain and develop the range of materials and media available to your son/daughter over their two-year A Level course, and additionally enable students to take completed A Level coursework home.

Yours sincerely

Mr J Gamble  
Leader of Design and Technology
