# Year 6 Induction Morning

School Systems (Arbor)

# Mr Daniels - Assistant Headteacher

# What is Arbor?

- Arbor is the system the school uses to store all of your personal information including things like your registers/timetables, attendance, behaviour incidents, house points etc.
- **Primary Schools use a variety of different systems to do similar tasks e.g. SIMS, GoForSchools, Bromcom, ScholarPack.**
- Arbor is a cloud-based platform (meaning it is accessible via a web browser) so it is easier for teachers and parents to access and share certain information.
