GCSE Results – Summer 2026

Headteacher's Comments:

Today, we are delighted to celebrate the outstanding GCSE achievements of our students, marking the culmination of years of hard work, dedication, and perseverance.

These examination results are a testament not only to students' academic ability, but also to the maturity, resilience, and determination they have demonstrated throughout their time in the school. They have approached their learning with commitment and purpose, overcoming challenges and embracing opportunities to achieve their potential.

We are incredibly proud to have supported them on their academic journey and are thrilled to have been able to share in the celebrations with students, and their families, as they receive their results today and look ahead to the future.

This year's outcomes have enabled students to access a wide range of exciting next steps. We are particularly pleased that a significant majority of our students will be progressing to Level 3 study within our Sixth Form, where they will continue to develop their knowledge, skills, and aspirations as they prepare for higher education, apprenticeships, and future careers.

These successes have been made possible through a genuine partnership between students, staff, parents, carers, and the wider community. The unwavering encouragement, guidance, and support provided by all those involved have played a vital role in helping students fulfil their potential.

I would like to extend my sincere thanks to our parents and carers for their continued support, to our dedicated staff for their commitment to student success, and to the wider community for the opportunities and encouragement they have consistently provided.

As we celebrate today's achievements, we congratulate every student on their success and wish them every happiness and continued achievement in the next stage of their educational journey.
