

HEDINGHAM SCHOOL AND SIXTH FORM

ACHIEVEMENT & EXCELLENCE

25 April 2019

Dear Parent/Guardian

Year 11 Maths Revision Session

I am writing to invite your son/daughter to attend Maths revision sessions before each of their three exams. The revision sessions will involve students completing a practise paper in the Sports Hall, however with the added benefit of each solution being spoken through by the teacher. The aim of this is to build confidence and show students that achieving their target grade is attainable.

The sessions are as follows:

Session 1 Saturday 18 May	Foundation Students 9.30-11.30 Higher Students 11.30-1.30
Session 2 Friday 31 May	Higher Students 9.30-11.30 Foundation Students 11.30-1.30
Session 3 Saturday 8 June	Foundation Students 9.30-11.30 Higher Students 11.30-1.30

I would like to take this opportunity to thank you for the support you have been offering your son/daughter at home and ask that you continue to support them with their revision throughout the exam period. Students have access to several websites to help them with their maths revision. This includes three different sites that we subscribe to as a school and students have individual login details for. In addition to this there are revision sessions available every Wednesday afterschool and every lunchtime between now and when students go on study leave.

Yours sincerely

Mrs G Woodley
Leader of Maths
